## FEARFUL LOSS OF LIFE

PARK AVENUE HOTEL, NEW YORK  
CITY, DESTROYED BY  
FIRE.

### SIX BODIES RECOVERED

Estimated That There Are Twenty More Still in the Corridors of the Hotel—Blaze Started in the Seventy-first Regiment Armory—A Thousand Pounds of Powder in the Cellar Blew Out the Walls.

New York, Feb. 22.—Fire that broke out early in the morning in the armory of the Seventy-first regiment, N. Y. N. G., at Park avenue, Thirty-third and Thirty-fourth streets, spread to the Park Avenue hotel, and at least 20 or 25 lives were lost, while the damage is roughly estimated at over \$2,000,000. One woman, a guest of the hotel, jumped from the fifth story and is believed to be fatally injured.

The Park Avenue hotel will, it is believed, be a total loss. The armory, a magnificent granite structure, and one of the finest in the city, was destroyed.

It is certain that a number of lives have been lost, Chief Croker making an estimate of 20 dead now in the ruins of the hotel. Six bodies have been taken out and one of these was identified as that of Colonel Alex Piper, U. S. A., of Louisville, Ky.

Admiral Miller, U. S. A. (retired) was fatally shocked. Up to 5 o'clock a. m. no list of dead or injured was obtainable.

The armory occupied an entire block and was occupied also by the Second battery and the First signal corps.

The fire was discovered bursting from a window of the armory on the Thirty-fourth street side, and by the time the firemen arrived the flames had completely enveloped the building and appeared through the roof. Shortly after, the cartridges and ammunition exploded.

Shortly after 2 o'clock 1,000 pounds of powder in the cellar exploded and the walls of the building were thrown outward.

By this time the people living in the neighborhood had been driven from their homes by the heat, and were sheltered in the car barns near by. Many narrow escapes were witnessed and heroic work was done by firemen and spectators.

### Panic Among the Guests.

The guests of the Park Avenue hotel, numbering about 600, were aroused quickly as possible, but not without panic among the women and children. The firemen poured 11 streams upon the side of the hotel nearest the armory, but in spite of this the third floor caught fire, and the flames eating along the walls of the hotel, spread to the roof.

A little after 3 o'clock the four upper floors of the hotel were a mass of flames, and the fire was spreading rapidly down through the structure. It was then apparent that the hotel was doomed.

Notwithstanding the fact that everybody in the hotel had ample time to get out a number of women were carried down the ladders by firemen, until it was thought everybody had been taken out.

Two bodies were found on the fifth floor by the firemen and two more in other parts of the building. It is feared several other bodies will be found in other parts of the building.

Two men, whose names have not been learned, attempted to escape from the Park Avenue hotel by going to the roof. Both of them jumped from the roof later, and one was instantly killed. The other was fatally injured.

At 4 o'clock Chief Croker, who had been inside the building, said that he believed a large number of dead were inside in the halls and corridors.

### WIRELESS TELEPHONE SYSTEM.

Muncie (Ind.) Man Claims to Have Invented One.

Muncie, Ind., Feb. 22.—Arthur J. Bolen of Muncie, who claims to have invented a wireless telephone system, is taking out incorporation papers for the International Wireless Telephone company. Bolen is a practical electrician and his invention is the result of many years of experiments. He will make his first test between a smokestack of a Muncie factory and the Stevenson building at Indianapolis, and the Masonic temple, Chicago, and it will be made as soon as some equipment can arrive for it. Similar apparatus has been used successfully in Muncie for a distance of half a mile.

### KANSAS POPULISTS.

Decline to Affiliates With the Democratic Party.

Topeka, Kan., Feb. 22.—The populists of Kansas, in session here, part decided that there would be no affiliation between the Populists and Democratic forces in Kansas this year. A strong faction led by ex-Congressman Ridgely favored absolute surrender to the Democrats, but there were enough of the old-time Populists to defeat this plan.

The meeting was lively throughout. No plans for the future conduct of the party were made, other than that the party would run its own affairs without the assistance of the Democrats.

### BOUND FOR WASHINGTON.

Theodore Roosevelt, Jr., Quietly Taken From Groton Infirmary.

Groton, Mass., Feb. 22.—Theodore Roosevelt, Jr., who has been ill with pneumonia for two weeks in the Groton school infirmary, is bound for Washington. Bundled to his eyes with blankets, he was taken in a covered sleigh from the infirmary to the special train, which had been in readiness at the Groton station for several days. He was accompanied by Mrs. Roosevelt and Dr. P. M. Rixey, while in another conveyance was Miss Roosevelt. A light snow was falling at the time. The departure of the party was so unexpected that not a dozen persons were on the station platform when the train pulled out. The arrangements for the departure were identical with those made for President Roosevelt's return trip to Washington. The party occupied the private car convey, and the intention was to have it taken through to Providence, and there attached to the Federal express.

### THEIR WORK ENDED.

Minnesota Editorial Association Closed a Successful Meeting.

Minneapolis, Feb. 22.—The labors of the Minnesota editors, who have been meeting at the West hotel for two days, were finished after the election of officers for the ensuing year.

The following officers were elected: President, Joseph Leicht, Winona Herald; first vice president, H. C. Miller, St. Peter Free Press; second vice president, Henry R. Cobb, Park Rapids Enterprise; third vice president, A. M. Welles, Redwood Revellie; treasurer, David Ramaley, A. O. U. W. Guide, St. Paul. Executive committee, F. J. Meyst, Minneapolis; H. P. Hall, St. Paul and C. C. Whitney, St. Paul.

### MEDAL FOR YOUNG HERO.

Seventeen-Year-Old Lad Has Saved Twenty-seven Lives.

Chicago, Feb. 22.—Arthur Egan, the 17-year-old boy who has saved 27 lives in Lake Michigan, will be presented with a medal awarded by the Royal Humane society of London, Eng., in a few days.

William Wyndham, the British consul here, will make the presentation. The society gives only two medals a year, and this is the first time that one of them has been awarded to a resident of the United States.

### ANDREWS ARRESTED AGAIN.

Third Warrant Issued for a Detroit Bank Officer.

Detroit, Feb. 22.—A third warrant was issued during the day for Frank C. Andrews, vice president of the City Savings bank, which is in the hands of a receiver, on a complaint charging him, together with another officer of the bank, for whom a warrant was also issued, with making a false report on the bank's condition to the state banking commissioner, on Feb. 20, 1901. Mr. Andrews was arraigned in the police court late this afternoon. His counsel asked that he be released on this charge on his personal recognizance, in view of the fact that the bail on the two former complaints against him totals \$25,000 and is ample. Judge Whelan declined to grant the request, and fixed the bail at \$50,000. This was not furnished. Mr. Andrews' examination was set for Feb. 28, the date of his examination on the other complaints.

### WILL RAISE PRICE OF BEER.

Action Contemplated by the Brewers of Milwaukee.

Milwaukee, Feb. 22.—The Sentinel says: The Milwaukee Brewers' association has decided to raise the price of beer soon, unless a reduction of the war tax is made. The amount of the raise is not yet decided on, but will be determined later, the price depending on the action of congress.

The reason for the proposed advance, according to a prominent member of the association, is that material of all kinds entering into the manufacture of beer, as well as labor, is away up in price.

### BY A CLOSE VOTE.

Minnesota Workmen Refuse to Change System of Assessment.

St. Paul, Feb. 22.—By one vote only the supporters of the classified system of assessment were defeated in the grand lodge, Ancient Order of United Workmen. Of the 227 votes polled 164 were against the classified system, delegates preferring to retain the level plan of assessment so long in vogue in the order.

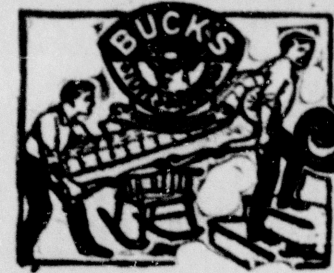

### Two Killed at a Crossing.

Chicago, Feb. 22.—Two men were killed and another probably fatally injured at the Lessing street crossing of the Chicago and Northwestern railroad. The men who lost their lives are Robert B. Elvee and Robert Cluth. The men, who were electricians for the road, were working underneath the tracks and hastened to get out of the way of the Pioneer limited, which was northward bound. As they did so, a suburban train, southbound, bore down upon them.

### G. A. R. ENCAMPMENT.

Will Be Held During Week of Oct. 6 at Washington.

Washington, Feb. 22.—The annual encampment of the G. A. R., under an agreement reached between the G. A. R. executive committee and a committee of Washington business men will be held here during the week commencing Oct. 6. The citizens will give \$12,000 for aid to needy veterans coming here.

As a result one of the outlaws, Walter Swafford, is dead, and Deputy Sheriff W. A. Jones of Asher, O. T., is seriously wounded.

Two of the outlaws, Sam Casey and Bill Watson, surrendered. Offers of \$9,000 reward for the capture of the three men were outstanding.

### FEARED SEPARATION.

Tragedy Results From a Servant's Insane Fondness for a Child.

New York, Feb. 22.—A peculiar tragedy has occurred in the residence of William J. Simons, at Caryl, a suburb of Yonkers. It resulted in the serious wounding of Georgeanna, the 5-year-old Simons girl, and the probable fatal wounding, at her own hands, of Amelia Fischer, a Hungarian servant.

The cause of the shooting, which was done by the servant, is supposed to have been an insane fondness for the child, whom she feared being separated from her, through dismissal.

## NO CONTRIBUTORY NEGLIGENCE.

Supreme Court Hands Down a Decision Which will be Interesting to Loggers and Lumbermen.

The supreme court has handed down a decision in the case of Jacob Schus vs. Powers-Simpson Company which will be of interest to all loggers and lumbermen in the northern part of the state. The following is the syllabus:

"First—Defendant is a corporation organized for the purpose of manufacturing and dealing in lumber; buying, improving, selling and dealing in real estate and personal property connected with its lumbering business; and in addition thereto, and in connection therewith, it owns and operates what is called a 'logging railroad,' which is equipped with four locomotives and a number of logging and box cars used in carrying logs from the pines to the saw-mills owned and operated by it. It does not follow the business of a common carrier of passengers and freight, the operation of the road being limited exclusively to its own private business, but its servants and employees engaged in the operation of its trains are exposed to the same dangers and risks as are employees and servants of railroad corporations engaged as common carriers. Held, that general statutes, 1894, paragraph 2701, known as the 'Fellow-servant act,' applies to defendant, and it is liable to an employee engaged in the operation of such railroad for injuries caused by the negligence of a coemployee or fellow-servant.

"Second—In this action, one to recover damages for personal injuries received by a brakeman in coupling cars on defendant's said railroad, the evidence received on the trial tended to show that there was a general custom in respect to the operation of the road for the engineer when cars being coupled came together, to immediately stop his engine and hold it stationary until signaled to again move it by the brakeman making the coupling. It further tended to show that on the occasion complained of, this custom was not observed by defendant's engineer, in consequence of which plaintiff was injured. It is held that the evidence was sufficient to require the submission of the case to the jury, and to sustain in their verdict to the effect that such custom existed, and that the engineer's failure to follow and observe it at the time complained of was the proximate cause of plaintiff's injury.

"Third—Evidence examined and considered, and held to sustain the verdict of the jury to the effect that plaintiff was not guilty of contributory negligence and did not assume the risks incident to making the coupling in question; also to sustain the verdict that plaintiff's course of action was not settled and adjusted by an agreement between the parties made and entered into prior to the commencement of the action.

"Order confirmed."

## HE WAS AN ELK.

M. Fortner, who was Killed in Des Moines. Was a Member of St. Cloud Lodge.

The following is taken from the St. Cloud Journal-Press regarding the death of M. Fortner, who was well known here, account of whose accidental death was given a few days ago by THE DISPATCH:

"News was received in the city late yesterday afternoon of the accidental death of Marshal Fortner, a railroad man and member of St. Cloud lodge No. 516, B. P. O. E. Mr. Fortner was killed by falling from the top of a box car near Des Moines, Ia., on Monday of this week. The report of the death of Fortner came from Brainerd, where until a short time ago Fortner had made his headquarters. He was for a number of years a passenger conductor on the Brainerd & Northern—now the Minnesota & International—road, but resigning there went to Iowa, where he found employment as a freight brakeman on a road running out of Des Moines. March 16, 1900, Mr. Fortner became a member of the local lodge of Elks. At that time he was 35 years of age. He was a native of St. Thomas, Canada, and unmarried. The dead man was of a genial, pleasant disposition and his sudden death is a great shock to his fraters of this city. Exalted Ruler Ward has communicated with Des Moines to ascertain if anything can be done by the home lodge."

## FERGUS FALLS WINS

## THE WHIST TROPHY

Again the Strong Team From that City Comes Out at the Head of List.

## BRAINERD'S GOOD SHOWING.

Brainerd Took Fourth Place in the Tournament being Beaten by Small Margin.

The annual tournament of the Red River Valley Whist Association is over and Fergus Falls again walks off with the trophy or silver cup. They have succeeded in keeping the cup for some time and are, of course, rather elated.

It is the opinion of those who attended the tournament that it was one of the most interesting ever held. The result was very close with the teams who were in the first places. Brainerd made an excellent showing. They tied Fargo in the number of points in the three contests, but Fargo took a few more tricks and, of course, that entitled them to a place just ahead of Brainerd.

One notable feature, and one in which the home team feels justly proud, is the fact that they did their best work when they played with the strongest teams. In all three contests they won out over Fergus Falls by several points, but of course fell down in other places.

Three sessions or contests were played with the following results:

Fargo—Won from Brainerd by 4; from St. Cloud by 2; lost to Grand Forks by 2; to Fergus Falls by 1.

Brainerd—Won from St. Cloud by 3; Fergus Falls by 4; lost to Fargo 4; to Grand Forks 5.

Grand Forks—Won from Fargo by 2; from Brainerd by 5; from St. Cloud by 6; lost to Fergus Falls 6.

St. Cloud—Won from nobody; lost to Fargo 2; to Brainerd 3; Grand Forks 6; Fergus Falls 9.

Fergus Falls—Won from Fargo by 1; Grand Forks by 6; St. Cloud by 7; lost to Brainerd 4.

Four teams from the city entered in the singles as follows: Swartz and Isham, Crane and Kreatz, Hartley and Howe, Elder and Frank Polk.

Hartley and Howe won making 13 points.

Last night a banquet was served at the City Hotel to the visiting members which was one of the pleasant features of the tournament.

The next tournament will be held at Fergus Falls in May.

Yesterday afternoon before the enthusiasts began to play whist a business meeting of the association was held. It did not last long and but little business was transacted, outside of electing officers for the ensuing year. The following officers have been elected:

President—Dr. W. L. Beebe, St. Cloud.

Vice President—D. Larin, Mayville, N. D.

Sec. and Treas.—H. M. Wheelock, Fergus Falls.

Tournament committee—F. W. Wilder, Grand Forks; H. I. Cohen, Brainerd, and H. M. Wheelock, Fergus Falls.

A rather important matter was the changing the time of the tournament. It has been found that to meet at this time of the year is very inconvenient to many of the members especially to the medical profession as they usually go south at this time of the year or take their vacations. On motion it was decided to change the time from February to May of each year.

Private compartment cars on railroad trains are a comparatively recent creation. It is a sleeper divided into eight or ten rooms, each room as complete and cozy as the daintiest apartment in a hotel. The private compartment cars operated on the Pioneer Limited of "The Milwaukee" are unusually massive and the berths are higher, wider and longer than those of any other road. These cars are happily adapted for ladies and families. Invalids find them a positive boom.

Wheels furnished with any Clincher Tire, and the Best trimmings money can buy.

We have now started to REPAIR and ENAMEL Wheels for the spring season, and have engaged Mr. H. B. Caldwell, of St. Paul, to look after that part of the business. Mr. Caldwell has been at the head of the Cycle Repair Shop of Joy Bro's, St. Paul, since 1897 and comes highly recommended as a first-class, up-to-date expert bicycle man and repairer, and we feel ourselves exceedingly lucky to announce to our friends and public that we now have a man in our employ, such as we have looked for, for some time.

We also wish to say that now is the time to bring in your Wheels and have them cleaned and repaired before the season's rush starts.

## NO CONTRIBUTORY NEGLIGENCE.

Supreme Court Hands Down a Decision Which will be Interesting to Loggers and Lumbermen.

The supreme court has handed down a decision in the case of Jacob Schus vs. Powers-Simpson Company which will be of interest to all loggers and lumbermen in the northern part of the state. The following is the syllabus:

"First—Defendant is a corporation organized for the purpose of manufacturing and dealing in lumber; buying, improving, selling and dealing in real estate and personal property connected with its lumbering business; and in addition thereto, and in connection therewith, it owns and operates what is called a 'logging railroad,' which is equipped with four locomotives and a number of logging and box cars used in carrying logs from the pines to the saw-mills owned and operated by it. It does not follow the business of a common carrier of passengers and freight, the operation of the road being limited exclusively to its own private business, but its servants and employees engaged in the operation of its trains are exposed to the same dangers and risks as are employees and servants of railroad corporations engaged as common carriers. Held, that general statutes, 1894, paragraph 2701, known as the 'Fellow-servant act,' applies to defendant, and it is liable to an employee engaged in the operation of such railroad for injuries caused by the negligence of a coemployee or fellow-servant.

"Second—In this action, one to recover damages for personal injuries received by a brakeman in coupling cars on defendant's said railroad, the evidence received on the trial tended to show that there was a general custom in respect to the operation of the road for the engineer when cars being coupled came together, to immediately stop his engine and hold it stationary until signaled to again move it by the brakeman making the coupling. It further tended to show that on the occasion complained of, this custom was not observed by defendant's engineer, in consequence of which plaintiff was injured. It is held that the evidence was sufficient to require the submission of the case to the jury, and to sustain in their verdict to the effect that such custom existed, and that the engineer's failure to follow and observe it at the time complained of was the proximate cause of plaintiff's injury.

"Third—Evidence examined and considered, and held to sustain the verdict of the jury to the effect that plaintiff was not guilty of contributory negligence and did not assume the risks incident to making the coupling in question; also to sustain the verdict that plaintiff's course of action was not settled and adjusted by an agreement between the parties made and entered into prior to the commencement of the action.

"Order confirmed."

## HE WAS AN ELK.

M. Fortner, who was Killed in Des Moines, Was a Member of St. Cloud Lodge.

The following is taken from the St. Cloud Journal-Press regarding the death of M. Fortner, who was well known here, account of whose accidental death was given a few days ago by THE DISPATCH:

"News was received in the city late yesterday afternoon of the accidental death of Marshal Fortner, a railroad man and member of St. Cloud lodge No. 516, B. P. O. E. Mr. Fortner was killed by falling from the top of a box car near Des Moines, Ia., on Monday of this week. The report of the death of Fortner came from Brainerd, where until a short time ago Fortner had made his headquarters. He was for a number of years a passenger conductor on the Brainerd & Northern—now the Minnesota & International—road, but resigning there went to Iowa, where he found employment as a freight brakeman on a road running out of Des Moines. March 16, 1900, Mr. Fortner became a member of the local lodge of Elks. At that time he was 35 years of age. He was a native of St. Thomas, Canada, and unmarried. The dead man was of a genial, pleasant disposition and his sudden death is a great shock to his fraters of this city. Exalted Ruler Ward has communicated with Des Moines to ascertain if anything can be done by the home lodge."

## THE WHIST TROPHY

Again the Strong Team From that City Comes Out at the Head of List.

## BRAINERD'S GOOD SHOWING.

Brainerd Took Fourth Place in the Tournament being Beaten by Small Margin.

The annual tournament of the Red River Valley Whist Association is over and Fergus Falls again walks off with the trophy or silver cup. They have succeeded in keeping the cup for some time and are, of course, rather elated.

It is the opinion of those who attended the tournament that it was one of the most interesting ever held. The result was very close with the teams who were in the first places. Brainerd made an excellent showing. They tied Fargo in the number of points in the three contests, but Fargo took a few more tricks and, of course, that entitled them to a place just ahead of Brainerd.

One notable feature, and one in which the home team feels justly proud, is the fact that they did their best work when they played with the strongest teams. In all three contests they won out over Fergus Falls by several points, but of course fell down in other places.

Three sessions or contests were played with the following results:

Fargo—Won from Brainerd by 4; from St. Cloud by 2; lost to Grand Forks by 2; to Fergus Falls by 1.

Brainerd—Won from St. Cloud by 3; Fergus Falls by 4; lost to Fargo 4; to Grand Forks 5.

Grand Forks—Won from Fargo by 2; from Brainerd by 5; from St. Cloud by 6; lost to Fergus Falls 6.

St. Cloud—Won from nobody; lost to Fargo 2; to Brainerd 3; Grand Forks 6; Fergus Falls 9.

Fergus Falls—Won from Fargo by 1; Grand Forks by 6; St. Cloud by 7; lost to Brainerd 4.

Four teams from the city entered in the singles as follows: Swartz and Isham, Crane and Kreatz, Hartley and Howe, Elder and Frank Polk.

Hartley and Howe won making 13 points.

Last night a banquet was served at the City Hotel to the visiting members which was one of the pleasant features of the tournament.

The next tournament will be held at Fergus Falls in May.

Yesterday afternoon before the enthusiasts began to play whist a business meeting of the association was held. It did not last long and but little business was transacted, outside of electing officers for the ensuing year. The following officers have been elected:

President—Dr. W. L. Beebe, St. Cloud.

Vice President—D. Larin, Mayville, N. D.

Sec. and Treas.—H. M. Wheelock, Fergus Falls.

Tournament committee—F. W. Wilder, Grand Forks; H. I. Cohen, Brainerd, and H. M. Wheelock, Fergus Falls.

A rather important matter was the changing the time of the tournament. It has been found that to meet at this time of the year is very inconvenient to many of the members especially to the medical profession as they usually go south at this time of the year or take their vacations. On motion it was decided to change the time from February to May of each year.

Private compartment cars on railroad trains are a comparatively recent creation. It is a sleeper divided into eight or ten rooms, each room as complete and cozy as the daintiest apartment in a hotel. The private compartment cars operated on the Pioneer Limited of "The Milwaukee" are unusually massive and the berths are higher, wider and longer than those of any other road. These cars are happily adapted for ladies and families. Invalids find them a positive boom.

### HIS NIBS PEELED A DUMMY Coat was Recovered and the Man Was Locked up this Morning Early.

Yesterday afternoon a sneak thief worked his graft by stealing a coat from off a dummy in front of A. E. Moberg's dry goods store.

The coat was quite a valuable one and the man seemed to recognize this fact. He got away with the coat about 3 o'clock but it was sometime before the police were notified. As soon as they were notified they began a search and soon located the coat in Harry Kaatz' second hand store where it had been sold for two dollars.

This morning the man's description was secured and he was arrested over on Laurel street and locked up. He gave his name as John Johnson, but it is thought that this is not his right name.

# SENTIMENT HAS CHANGED.

## Project to Secure A Military Fort For Crookston Will Have United Support of Minnesota Delegation.

J. W. Stevens, an architect of St. Paul, was at the war department at Washington conferring with the officers in the quartermaster's division relative to prospective work on Fort Snelling during the coming season. There will be several new buildings, extensions of old ones and entire new quarters erected for two batteries of artillery which will be sent to Snelling just as soon as the weather will permit in the spring.

Minnesota senators and representatives today filed a memorial from citizens of Crookston in favor of establishing a small military post at that point. There will be no opposition, and the recommendation of the army board as to Crookston will receive the support of the united Minnesota delegation.

Representative Stevens, member of the committee on military affairs, said today that the establishment of a branch post at Crookston would be of benefit to Fort Snelling and make that garrison of more importance than ever.

"Wonderland 1902" has just been issued by the passenger department of the Northern Pacific railroad. These annual publications by Mr. Fee are wonders of the printers' art, equalling if not surpassing in beauty and artistic merit any similar publication ever issued, and the last issue is fully up to the standard. The subject matter is a description of the great northwest territory tributary to the Northern Pacific railroad, including Yellowstone Park, the wonderland of the world. It is lavishly illustrated with half tones giving views of the beauty spots in which this region abounds. The book also contains a complete history of mining in Montana from its inception to the present day which gives much valuable and interesting information. Yesterday afternoon a large number of ladies were invited to the home of Mrs. Milton McFadden in honor of Mrs. J. W. Slipp, who is soon to leave the city for the coast. Mrs. Slipp was not informed of the gathering and it was a surprise to her when she arrived at the McFadden home.

In the evening the gentlemen met with the ladies and the company made a joyous one, Mr. and Mrs. Slipp being the center of attraction. They have not decided definitely where they will live, but Mr. Slipp will look around considerable. They were presented with a dozen silver spoons. Mr. and Mrs. C. B. B. Hanford, assisted by Miss Helen Grantly will present Shakespeare's beautiful comedy, "The Taming of the Shrew."

Miss Rose Arnold took second place in the contest with 1,918 votes. Miss Somers' total vote was 21,709. The contest has been a good natured one all along, but since Miss Somers entered the field she seemed to gain and stay in the lead all the time. MR. BROWN BANQUETED.

Employees Who Have Worked Under Him on the Superior Division Give a Dinner in His Honor.

Edward L. Brown left this morning for St. Paul. He will leave there tomorrow morning for Great Falls, Mont., where he will at once assume the duties of general superintendent

of the Montana Central. His jurisdiction will extend from the junction of the north and south line with the main line of the Great Northern and will cover between 400 and 500 miles of road. This road bears the heaviest traffic, with one exception, of any part of the Great Northern system. Natural conditions, such as heavy grades, tunnels, abrupt curves and tendency to washouts, make it exceedingly difficult to operate.

A dinner was given in honor of Mr. Brown by the employees of the various departments of the Lake Superior division of the Northern Pacific. About thirty-five were present, including men who formerly worked under Mr. Brown on the old St. Paul & Duluth. F. M. Anderson, chief clerk under Mr. Brown, acted as toastmaster. In acknowledging the toast to him, Mr. Brown spoke warmly of the men who had made his success on the Lake Superior division possible.

G. W. Vanderslice, the new division superintendent, spoke warmly of Mr. Brown, whom he had known for some years, and expressed his pleasure in being appointed to a division where there was such evident hearty and capable co-operation from the employees.

It had been intended to make a presentation of some valuable gift to Mr. Brown, but the latter becoming aware of this intention caused it to become known that he would accept nothing of the kind, and that the gift he prized most highly was the impression he was carrying with him the good will and best wishes of his employees.

Among the guests at the dinner last night were representatives of the Milwaukee and Eastern Minnesota roads, who had formerly been connected with Mr. Brown.—Duluth Herald.

MUSIC AND DRAMA.

"ALVIN JOSLIN" TONIGHT

Theatre goers will undoubtedly turn out in large numbers this evening at the Brainerd Opera House when one of the most jolly, rollicking productions will be offered. Among rural plays "Alvin Joslin" stands at the top notch and it has had one of the most successful runs imaginable. It will be presented in all its completeness this evening and those who see it will be pleased. It is a four act play and is full of the most ludicrous situations and exciting climaxes. All the interest and fun is caused by Alvin Joslin, an old farmer, as green as the hills of Vermont, from which he came, to visit New York. In the Metropolis he falls into the hands of bunco-steerers, badger-men and others of their class, who are looking for the verdant stranger at all times and places. He of course gets out on top in the end. His wife, who is possessed of anything but a sweet temper helps along the fun when she comes to New York in search of Alvin. Among the special scenes carried by the company are Pier 29 East River showing the Great Brooklyn Bridge, beautifully illuminated; a Bowery Concert Hall, a thieves' den on Baxter street, and the Great Central Depot.

Clever up-to-date specialties will be introduced during the play. Seats now on sale at H. P. Dunn & Co's.

"TAMING OF THE SHREW."

All the reports that have reached this city regarding Charles B. Hanford's revival of "The Taming of the Shrew" are of a most favorable character. The star and the play are both said to have scored a distinct success and the audiences witnessing them have been limited only by the capacity of the theatres. The demand for seats already in this city indicates that an over flowing house will greet Mr. Hanford and his associates when they appear at the Brainerd Opera House on Monday evening. The revival is said to be handsomely mounted and costumed while the supporting company is the strongest that has ever been associated with Mr. Hanford. The company is headed by Helen Grantly concerning whose beauty and talent so much has been written, lately. Her portrait was selected by the photographer's convention in London as an ideal type of Grecian beauty. As a result her photographs have been sold extensively on both sides of the Atlantic. She will play the role of Katherine in Mr. Hanford's revival. The rest of the company include Marie Drofnah, Emma Hayner, William J. Shea, Irving Knight, Stuart Beebe, P. A. Honnary, Harold Fiske, Paul Anderson, R. O. Meech, L. W. Browning and John C. Davis.

WILLIAM OWEN.

Ever since he made a hit in Julia Marlowe's production of "Romeo and Juliet," world's fair year, and played one of the principal roles in the great Shakespearean love story for months in Chicago, William Owen has been considered one of the foremost of stage lovers. ### HIS NIBS PEELED A DUMMY

#### Coat was Recovered and the Man Was Locked up this Morning Early.

Yesterday afternoon a sneak thief worked his graft by stealing a coat from off a dummy in front of A. E. Moberg's dry goods store.

The coat was quite a valuable one and the man seemed to recognize this fact. He got away with the coat about 3 o'clock but it was sometime before the police were notified. As soon as they were notified they began a search and soon located the coat in Harry Kaatz' second hand store where it had been sold for two dollars.

This morning the man's description was secured and he was arrested over on Laurel street and locked up. He gave his name as John Johnson, but it is thought that this is not his right name.

# SENTIMENT HAS CHANGED.

## Project to Secure A Military Fort For Crookston will Have United Support of Minnesota Delegation.

J. W. Stevens, an architect of St. Paul, was at the war department at Washington conferring with the officers in the quartermaster's division relative to prospective work on Fort Snelling during the coming season. There will be several new buildings, extensions of old ones and entire new quarters erected for two batteries of artillery which will be sent to Snelling just as soon as the weather will permit in the spring.

Minnesota senators and representatives today filed a memorial from citizens of Crookston in favor of establishing a small military post at that point. There will be no opposition, and the recommendation of the army board as to Crookston will receive the support of the united Minnesota delegation.

Representative Stevens, member of the committee on military affairs, said today that the establishment of a branch post at Crookston would be of benefit to Fort Snelling and make that garrison of more importance than ever.

The subject matter is a description of the great northwest territory tributary to the Northern Pacific railroad, including Yellowstone Park, the wonderland of the world. It is lavishly illustrated with half tones giving views of the beauty spots in which this region abounds. The book also contains a complete history of mining in Montana from its inception to the present day which gives much valuable and interesting information. In the evening the gentlemen met with the ladies and the company made a joyous one, Mr. and Mrs. Slipp being the center of attraction. # MR. BROWN BANQUETED.

## Employees Who Have Worked Under Him on the Superior Division Give a Dinner in His Honor.

Edward L. Brown left this morning for St. Paul. He will leave there tomorrow morning for Great Falls, Mont., where he will at once assume the duties of general superintendent

of the Montana Central. His jurisdiction will extend from the junction of the north and south line with the main line of the Great Northern and will cover between 400 and 500 miles of road. This road bears the heaviest traffic, with one exception, of any part of the Great Northern system. Natural conditions, such as heavy grades, tunnels, abrupt curves and tendency to washouts, make it exceedingly difficult to operate.

A dinner was given in honor of Mr. Brown by the employees of the various departments of the Lake Superior division of the Northern Pacific. About thirty-five were present, including men who formerly worked under Mr. Brown on the old St. Paul & Duluth. F. M. Anderson, chief clerk under Mr. Brown, acted as toastmaster. In acknowledging the toast to him, Mr. Brown spoke warmly of the men who had made his success on the Lake Superior division possible.

G. W. Vanderslice, the new division superintendent, spoke warmly of Mr. Brown, whom he had known for some years, and expressed his pleasure in being appointed to a division where there was such evident hearty and capable co-operation from the employees.

It had been intended to make a presentation of some valuable gift to Mr. Brown, but the the latter becoming aware of this intention caused it to become known that he would accept nothing of the kind, and that the gift he prized most highly was the impression he was carrying with him the good will and best wishes of his employees.

Among the guests at the dinner last night were representatives of the Milwaukee and Eastern Minnesota roads, who had formerly been connected with Mr. Brown.—Duluth Herald.

# MUSIC AND DRAMA.

"ALVIN JOSLIN" TONIGHT

Theatre goers will undoubtedly turn out in large numbers this evening at the Brainerd Opera House when one of the most jolly, rollicking productions will be offered. Among rural plays "Alvin Joslin" stands at the top notch and it has had one of the most successful runs imaginable. It will be presented in all its completeness this evening and those who see it will be pleased. It is a four act play and is full of the most ludicrous situations and exciting climaxes. All the interest and fun is caused by Alvin Joslin, an old farmer, as green as the hills of Vermont, from which he came, to visit New York. In the Metropolis he falls into the hands of bunco-steerers, badger-men and others of their class, who are looking for the verdant stranger at all times and places. He of course gets out on top in the end. His wife, who is possessed of anything but a sweet temper helps along the fun when she comes to New York in search of Alvin. Among the special scenes carried by the company are Pier 29 East River showing the Great Brooklyn Bridge, beautifully illuminated; a Bowery Concert Hall, a thieves' den on Baxter street, and the Great Central Depot.

Clever up-to-date specialties will be introduced during the play.

Seats now on sale at H. P. Dunn & Co's.

**"TAMING OF THE SHREW."**

All the reports that have reached this city regarding Charles B. Hanford's revival of "The Taming of the Shrew" are of a most favorable character. The star and the play are both said to have scored a distinct success and the audiences witnessing them have been limited only by the capacity of the theatres. The demand for seats already in this city indicates that an over flowing house will greet Mr. Hanford and his associates when they appear at the Brainerd Opera House on Monday evening. The revival is said to be handsomely mounted and costumed while the supporting company is the strongest that has ever been associated with Mr. Hanford. The company is headed by Helen Grantly concerning whose beauty and talent so much has been written, lately. Her portrait was selected by the photographer's convention in London as an ideal type of Grecian beauty. As a result her photographs have been sold extensively on both sides of the Atlantic. She will play the role of Katherine in Mr. Hanford's revival. The rest of the company include Marie Drofnah, Emma Hayner, William J. Shea, Irving Knight, Stuart Beebe, P. A. Honnary, Harold Fiske, Paul Anderson, R.O. Meech, L. W. Brownling and John C. Davis.

### SIX HOURS' DISCUSSION.

Senate Still Considering the Philip-  
pine Tariff Bill.

Washington, Feb. 22.—For more  
than six hours the senate had the  
Philippine tariff bill under discussion.  
Mr. Bate (Dem., Tenn.) delivered a  
carefully prepared speech in opposi-  
tion to the pending measure. He was  
followed by Mr. Spooner (Rep., Wis.)  
in a brilliant defense of the Republi-  
can attitude toward the Philippine is-  
lands. He became involved frequently  
in heated colloquy with members of  
the minority. He concluded with an  
appeal to congress to stand by the pol-  
icies of McKinley and Roosevelt.

Mr. Tillman (Dem., S. C.) began a  
characteristic arraignment of the ad-  
ministration in the Philippines, but  
had not concluded when the senate  
adjourned until tomorrow.

Mr. Spooner addressed the senate  
in support of the pending bill. The  
measure, he said, was entirely free  
from complications. It was simply a  
revenue bill. Whatever difficulties  
senators or others had in reconciling  
the difficulties of the supreme court's  
decisions in the Insular cases, he was  
satisfied that the proposed bill was  
constitutional as the Foraker Porto  
adjuined.

Mr. Spooner sharply arraigned the  
Democratic party for the encourage-  
ment which its utterances had given  
the rebellion in the Philippines, and  
declared that the motive which ac-  
tuated the Democratic leaders was a  
"blind greed for political power which  
made them forget for the nonce the  
army at the front."

Mr. Tillman addressed the senate in  
opposition to the pending bill. He  
declared that the expression of the  
motives for enacting the bill were a  
subterfuge and a humbug, and every-  
body knew it. He charged that the  
American authorities in the Philip-  
pines were "steering clear of the pro-  
vinces in the islands where war was  
real and pressing, and were confining  
themselves to those places where opor-  
tunity was affected to secure "pelf"  
and to rob the people.

He said the Filipinos now were be-  
ing "pacified off the face of the earth."

### INDIAN BILL PASSES.

House Disposes of the Appropriation  
Measure.

Washington, Feb. 22.—The house  
passed the Indian appropriation bill.  
No amendments of importance were  
attached to it during the day. The  
latter part of the session was devoted  
to the consideration of private claim  
bills, a number of which were passed.  
The house passed a resolution pro-  
viding for an investigation of Nardin's  
relations to the Shoshone Indian  
school.

During the consideration of one of  
the bills, Mr. Kleberg (Dem., Tex.)  
who is a German, made a brief speech  
deprecating any attempt to make pol-  
itical capital out of the coming visit  
of Prince Henry. He said the United  
States should extend to him and the  
great nation he represents a hearty  
welcome and a true American hospi-  
tality.

### THIRTY PER CENT REBATE.

Tariff Concession Which Will Prob-  
ably Be Made to Cuba.

Washington, Feb. 22.—The Cuban  
reciprocity problem was again before  
the Republican members of the ways  
and means committee who were in  
private conference for two hours, and  
then adjourned without reaching an  
agreement. It developed that an in-  
formal vote had been taken early in  
the conference, not on any specific  
proposition, but on the general ques-  
tion as to whether anything should be  
done, resulting in an expression favor-  
able to action so long as existing  
American industries were not endan-  
gered by the extent of concessions.

After the conference it was stated  
with much definiteness by those in a  
position to know that there would be  
an agreement later, and the belief was  
expressed that the concession to Cuba  
would be about 30 per cent probably  
as a rebate.

### RATIFICATIONS EXCHANGED.

Final Disposition of the Nicaraguan  
Canal Treaty.

Washington, Feb. 22.—Final ratifi-  
cations of the Hay-Pauncefote treaty,  
giving England's assent to the con-  
struction of a canal across Central  
America by the United States were ex-  
changed at the state department at 3  
o'clock p. m. There was very little  
ceremony about the exchange of ratifi-  
cations.

Copies of the treaty had been pre-  
pared, precisely similar, except in the  
fact that the signatures were inverted  
in one copy and these were formally  
exchanged between Lord Pauncefote  
and Secretary Hay, a protocol being  
signed, formally attesting to that fact,  
which will form part of the records.

## SNOW, RAIN AND SLEET

DISAGREEABLE WEATHER CONDI-  
TIONS PREVAILING IN  
NEW YORK.

### JERSEY CITY IS HIT HARD

Electric Wires Down and the City Is  
Practically in Darkness—Sewers  
Clogged at Newark and the Water  
Backs into the Cellars—Washington

Almost Isolated From the Effects of  
the Severe Storm.

New York, Feb. 22.—Snow, followed  
by rain and sleet, created in this city  
and vicinity the most disagreeable  
weather conditions known in many  
years.

During the early hours of the day,  
heavy, wet snow fell in huge flakes.  
This condition prevailed for several  
hours. Shortly after noon the snow  
turned into a steady drizzle of rain,  
that continued with intermittent pe-  
riods of sleet, all afternoon and far  
into the night. Much of the snow that  
was left from the recent blizzard was  
quickly converted into slush and the  
streets are inches deep. The side-  
walks throughout the city were covered  
and the crossings were almost im-  
passable.

The work of the street cleaning de-  
partment was undone, and the city's  
streets are in a worse condition than  
before thousands of snow shovellers  
went to work after the blizzard.

During the evening the temperature  
dropped enough to turn the downpour  
of rain into a coating of ice over build-  
ings and trees. In Central park the  
trees creaked under the weight of  
thick ice. Many branches fell. This  
condition prevailed throughout other  
parts of the city.

Traffic on the Brooklyn bridge was  
almost at a standstill. Heavy trucks  
could scarcely be moved even when  
four stout horses to each did their best  
to get a foothold on the slippery road-  
way.

Street car traffic everywhere was  
much interrupted, but the greatest dif-  
ficulty was experienced on cross town  
horse car lines.

### Jersey City in Darkness.

Jersey City was hit hard, and by 10  
o'clock in the evening the city prac-  
tically was in darkness, and there was  
every indication that the electric serv-  
ice, which is wholly overhead, will  
be entirely out of order by morning.  
Electric wires were down in every part  
of the city.

Trolley cars ceased running entirely  
late in the evening.  
At Communipaw and Woodward av-  
enues, a high power wire fell across  
the backs of a team of horses drawing  
an express wagon. Both horses were  
killed, and the driver was badly  
shocked.

At Newark the streets were ankle  
deep in slush. In the lower section  
the sewers became clogged, the streets  
were soon overflowed and the water  
backed into the cellars. Fortunately,  
the electric light and trolley wires  
were not prostrated.

The storm probably wrought more  
havoc with the telegraph lines in this  
section than at any time within the  
period of ten years. All the streets  
in Harlem were flooded and in many  
instances the water flowed into the  
basements of houses.

South and west of New York the tel-  
egraph and telephone wires were pro-  
strated early in the afternoon, and al-  
though conditions improved somewhat  
between New York and Chicago late  
in the evening, communication by wire  
with Philadelphia and Baltimore was  
cut off absolutely. Slow communica-  
tion was restored with Washington by  
way of Atlanta.

### WASHINGTON ISOLATED.

Severe Sleet Storm Interferes With  
Wire Communication.

Washington, Feb. 22.—A severe sleet  
storm struck Washington. The na-  
tional capital is absolutely cut off from  
all telegraphic or telephonic commu-  
nication north of Baltimore, and is com-  
pelled to depend on uncertain wires  
to Richmond and Atlanta for reaching  
the country at large. Aside from  
damage to wires, however, the storm  
did no injury, the sleet not being heavy  
enough to do much harm to trees. The  
storm came from the south, and in  
traveling north the rain turned into  
sleet and snow as it struck the colder  
latitudes. It is said at the weather  
bureau that it will reach the New  
England coast and will make it neces-  
sary for shipping to lie by.

### ALMOST FINISHED WORK.

Minnesota House Nearly Through Con-  
sidering the Tax Bill.

St. Paul, Feb. 22.—The house has  
almost finished work on amendments  
to the tax bill, and friends of the bill  
hoped to bring it to a final vote be-  
fore night.

Enemies of the bill knew that delay  
was their only hope. They supported  
a motion to adjourn until Monday  
morning. Many country members  
wanted to take afternoon trains for  
home and voted with them.

Two constitutional amendments  
were introduced in the senate during  
the morning, the first, by Senator Siv-  
right, providing for a tonnage tax on  
all iron ore mined in the state; and the  
second, by Senator Baldwin, provid-  
ing for the taxation of foreign cor-  
porations doing business in this state.

### Tolstol Growing Weaker.

Yalta, Crimea, Feb. 22.—A bulletin  
issued at 9 a. m. announced that Count  
Tolstol's temperature was low and  
that he was suffering from great gen-  
eral weakness and pronounced weak-  
ness of the heart.

### Italian Cabinet Resigns.

Rome, Feb. 22.—The cabinet has re-  
signed, owing to the failure of Signor  
Villa, the government's candidate for  
the presidency of the chamber of de-  
puties, to secure his re-election.

### MISS STONE'S CAPTORS.

State Department Does Not Believe  
They Have Broken Faith.

Washington, Feb. 22.—It is estimat-  
ed at the state department that 15  
days have now elapsed since the mon-  
ey for Miss Stone's ransom was paid  
over to the agents of the brigands.

At least five days have elapsed be-  
yond the time fixed in the stipulation  
to place her in the hands of her  
friends. There is no explanation for  
the delay. It is hoped that physical  
conditions, such as heavy snows and  
adverse weather, may account for the  
failure to secure her delivery. The  
officials are loath to believe that there  
has been a breach of faith on the part  
of the brigands, but even if this were  
so, they do not regard themselves as  
blameworthy for having trusted them.

From the first, the United States  
government has been adverse to pay-  
ing ransom, but in response to appeals  
from every quarter, reluctantly author-  
ized Mr. Leishman to deal with the  
brigands.

However, if it turns out that the  
brigands have broken faith, and that  
they either have taken the ransom  
money and spirited the captives away  
again, or that they have killed them,  
then there will be no further attempt  
to deal with the brigands on the part  
of the United States government, but  
its entire power will be directed upon  
Turkey and upon Bulgaria to procure  
the swift and certain extermination of  
the brigands, regardless of cost or ef-  
fort.

### HONOR FOR SIR CHARLES.

Veteran Canadian Statesman Will At-  
tend King's Coronation.

Winnipeg, Man., Feb. 22.—Sir Charles  
Tupper and Lady Tupper have re-  
ceived invitations to attend King Edward's  
coronation. They will be accompa-  
nied by Miss Tupper. Sir Charles left  
for the East during the day.

### England's Naval Estimates.

London, Feb. 22.—The secretary of  
the admiralty, H. C. Arnold-Forster,  
introduced the naval estimates for  
1902-03 in the house of commons. The  
estimates show a total of £31,255,000,  
as compared with £30,875,000 last  
year. In the course of an accompa-  
nying statement Mr. Arnold-Forster  
remarked that no thinking man could  
have anticipated any reduction from  
the estimates of last year in view of  
the fact that the army was engaged  
in a difficult conflict 7,000 miles away.

### Boers Break Blockhouse Line.

Pretoria, Feb. 22.—General Dewet,  
with 400 followers, broke back north-  
ward through the blockhouse line the  
night of the 10th inst, 10 miles west  
of Lindley, Orange River Colony. The  
blockhouses opened fire on the Boers,  
two of whom were killed. The re-  
mainder got away to their old ground  
near Reitz.

### Minnesota Law Knocked Out.

St. Paul, Feb. 22.—The supreme  
court has declared unconstitutional  
the law placing a 2 per cent tax on the  
property of freight lines. The court  
holds that the law makes unequal tax-  
ation. The decision was in the case  
of the State against the Canada Cattle  
Car company, an action to collect \$430  
alleged to be due as taxes.

### Excursion Train Derailed.

Mexico City, Feb. 22.—The baggage  
and dining car of the Pennsylvania  
excursion train were derailed 70 miles  
north of this city, and the second cook,  
a colored man, was killed. Two oth-  
ers of the kitchen crew were badly  
scalded and several slightly injured.

### Celebration in Berlin.

Berlin, Feb. 22.—Andrew D. White,  
American ambassador here, presided  
at an assemblage of 300 Americans  
who celebrated Washington's birth-  
day at the Kaiserhof by a musical en-  
tertainment followed by supper and a  
dance.

## SIX HOURS' DISCUSSION.

Senate Still Considering the Philip-  
pine Tariff Bill.

Washington, Feb. 22.—For more  
than six hours the senate had the  
Philippine tariff bill under discussion.  
Mr. Bate (Dem., Tenn.) delivered a  
carefully prepared speech in opposi-  
tion to the pending measure. He was  
followed by Mr. Spooner (Rep., Wis.)  
in a brilliant defense of the Republi-  
can attitude toward the Philippine is-  
lands. He became involved frequently  
in heated colloquy with members of  
the minority. He concluded with an  
appeal to congress to stand by the pol-  
icies of McKinley and Roosevelt.

Mr. Tillman (Dem., S. C.) began a  
characteristic arraignment of the ad-  
ministration in the Philippines, but  
had not concluded when the senate  
adjourned until tomorrow.

Mr. Spooner addressed the senate  
in support of the pending bill. The  
measure, he said, was entirely free  
from complications. It was simply a  
revenue bill. Whatever difficulties  
senators or others had in reconciling  
the difficulties of the supreme court's  
decisions in the insular cases, he was  
satisfied that the proposed bill was  
constitutional as the Foraker Porto  
adjuorned.

Mr. Spooner sharply arraigned the  
Democratic party for the encourage-  
ment which its utterances had given  
the rebellion in the Philippines, and  
declared that the motive which ac-  
tuated the Democratic leaders was a  
"blind greed for political power which  
made them forget for the nonce the  
army at the front."

Mr. Tillman addressed the senate in  
opposition to the pending bill. He  
declared that the expression of the  
motives for enacting the bill were a  
subterfuge and a humbug, and every-  
body knew it. He charged that the  
American authorities in the Philip-  
pines were "steering clear of the pro-  
vinces in the islands where war was  
real and pressing, and were confining  
themselves to those places where op-  
portunity was afforded to secure "pelf"  
and to rob the people.

He said the Filipinos now were be-  
ing "pacified off the face of the earth."

## INDIAN BILL PASSES.

House Disposes of the Appropriation  
Measure.

Washington, Feb. 22.—The house  
passed the Indian appropriation bill.  
No amendments of importance were  
attached to it during the day. The  
latter part of the session was devoted  
to the consideration of private claim  
bills, a number of which were passed.  
The house passed a resolution pro-  
viding for an investigation of Nardin's  
relations to the Shoshone Indian  
school.

During the consideration of one of  
the bills, Mr. Kleberg (Dem., Tex.)  
who is a German, made a brief speech  
deprecating any attempt to make pol-  
itical capital out of the coming visit  
of Prince Henry. He said the United  
States should extend to him and the  
great nation he represents a hearty  
welcome and a true American hospi-  
tality.

## THIRTY PER CENT REBATE.

Tariff Concession Which Will Prob-  
ably Be Made to Cuba.

Washington, Feb. 22.—The Cuban  
reciprocity problem was again before  
the Republican members of the ways  
and means committee who were in  
private conference for two hours, and  
then adjourned without reaching an  
agreement. It developed that an in-  
formal vote had been taken early in  
the conference, not on any specific  
proposition, but on the general ques-  
tion as to whether anything should be  
done, resulting in an expression favor-  
able to action so long as existing  
American industries were not endan-  
gered by the extent of concessions.

After the conference it was stated  
with much definiteness by those in a  
position to know that there would be  
an agreement later, and the belief was  
expressed that the concession to Cuba  
would be about 30 per cent probably  
as a rebate.

## RATIFICATIONS EXCHANGED.

Final Disposition of the Nicaraguan  
Canal Treaty.

Washington, Feb. 22.—Final ratifi-  
cations of the Hay-Pauncefote treaty,  
giving England's assent to the con-  
struction of a canal across Central  
America by the United States were ex-  
changed at the state department at 3  
o'clock p. m. There was very little  
ceremony about the exchange of ratifi-  
cations.

Copies of the treaty had been pre-  
pared, precisely similar, except in the  
fact that the signatures were inverted  
in one copy and these were formally  
exchanged between Lord Pauncefote  
and Secretary Hay, a protocol being  
signed, formally attesting to that fact,  
which will form part of the records.

NEW YORK.

Almost Isolated From the Effects of

the Severe Storm.

New York, Feb. 22.—Snow, followed  
by rain and sleet, created in this city  
and vicinity the most disagreeable  
weather conditions known in many  
years.

During the early hours of the day,  
heavy, wet snow fell in huge flakes.  
This condition prevailed for several  
hours. Shortly after noon the snow  
turned into a steady drizzle of rain,  
that continued with intermittent pe-  
riods of sleet, all afternoon and far  
into the night. Much of the snow that  
was left from the recent blizzard was  
quickly converted into slush and the  
streets are inches deep. The side-  
walks throughout the city were cov-  
ered and the crossings were almost im-  
passable.

The work of the street cleaning de-  
partment was undone, and the city's  
streets are in a worse condition than  
before thousands of snow shovellers  
went to work after the blizzard.

During the evening the temperature  
dropped enough to turn the downpour  
of rain into a coating of ice over build-  
ings and trees. In Central park the  
trees creaked under the weight of  
thick ice. Many branches fell. This  
condition prevailed throughout other  
parts of the city.

Traffic on the Brooklyn bridge was  
almost at a standstill. Heavy trucks  
could scarcely be moved even when  
four stout horses to each did their best  
to get a foothold on the slippery road-  
way.

Street car traffic everywhere was  
much interrupted, but the greatest dif-  
ficulty was experienced on cross town  
horse car lines.

## Jersey City in Darkness.

Jersey City was hit hard, and by 10  
o'clock in the evening the city prac-  
tically was in darkness, and there was  
every indication that the electric ser-  
vice, which is wholly overhead, will  
be entirely out of order by morning.  
Electric wires were down in every part  
of the city.

Trolley cars ceased running entirely  
late in the evening.

At Communipaw and Woodward av-  
enues, a high power wire fell across  
the backs of a team of horses drawing  
an express wagon. Both horses were  
killed, and the driver was badly  
shocked.

At Newark the streets were ankle  
deep in slush. In the lower section  
the sewers became clogged, the streets  
were soon overflowed and the water  
backed into the cellars. Fortunately,  
the electric light and trolley wires  
were not prostrated.

The storm probably wrought more  
havoc with the telegraph lines in this  
section than at any time within the  
period of ten years. All the streets  
in Harlem were flooded and in many  
instances the water flowed into the  
basements of houses.

South and west of New York the tel-  
egraph and telephone wires were pro-  
strated early in the afternoon, and al-  
though conditions improved somewhat  
between New York and Chicago late  
in the evening, communication by wire  
with Philadelphia and Baltimore was  
cut off absolutely. Slow communica-  
tion was restored with Washington by  
way of Atlanta.

## WASHINGTON ISOLATED.

Severe Sleet Storm Interferes With  
Wire Communication.

Washington, Feb. 22.—A severe sleet  
storm struck Washington. The na-  
tional capital is absolutely cut off from  
all telegraphic or telephonic commu-  
nication north of Baltimore, and is com-  
pelled to depend on uncertain wires  
to Richmond and Atlanta for reaching  
the country at large. Aside from  
damage to wires, however, the storm  
did no injury, the sleet not being heavy  
enough to do much harm to trees. The  
storm came from the south, and in  
traveling north the rain turned into  
sleet and snow as it struck the colder  
latitudes. It is said at the weather  
bureau that it will reach the New  
England coast and will make it neces-  
sary for shipping to lie by.

## ALMOST FINISHED WORK.

Minnesota House Nearly Through Con-  
sidering the Tax Bill.

St. Paul, Feb. 22.—The house has  
almost finished work on amendments  
to the tax bill, and friends of the bill  
hoped to bring it to a final vote be-  
fore night.

Enemies of the bill knew that delay  
was their only hope. They supported  
a motion to adjourn until Monday  
morning. Many country members  
wanted to take afternoon trains for  
home and voted with them.

Two constitutional amendments  
were introduced in the senate during  
the morning, the first, by Senator Siv-  
right, providing for a tonnage tax on  
all iron ore mined in the state; and the  
second, by Senator Baldwin, provid-  
ing for the taxation of foreign cor-  
porations doing business in this state.

## Toilet Growing Weaker.

Yalta, Crimea, Feb. 22.—A bulletin  
issued at 9 a. m. announced that Count  
Toilet's temperature was low and  
that he was suffering from great gen-  
eral weakness and pronounced weak-  
ness of the heart.

## Italian Cabinet Resigns.

Rome, Feb. 22.—The cabinet has re-  
signed, owing to the failure of Signor  
Villa, the government's candidate for  
the presidency of the chamber of de-  
puties, to secure his re-election.

## MISS STONE'S CAPTORS.

State Department Does Not Believe  
They Have Broken Faith.

Washington, Feb. 22.—It is estimat-  
ed at the state department that 15  
days have now elapsed since the mon-  
ey for Miss Stone's ransom was paid  
over to the agents of the brigands.

At least five days have elapsed be-  
yond the time fixed in the stipulation  
to place her in the hands of her  
friends. There is no explanation for  
the delay. It is hoped that physical  
conditions, such as heavy snows and  
diverse weather, may account for the  
failure to secure her delivery. The  
officials are loath to believe that there  
has been a breach of faith on the part  
of the brigands, but even if this were  
so, they do not regard themselves as  
blameworthy for having trusted them.

From the first, the United States  
government has been adverse to pay-  
ing ransom, but in response to appeals  
from every quarter, reluctantly author-  
ized Mr. Leishman to deal with the  
brigands.

However, if it turns out that the  
brigands have broken faith, and that  
they either have taken the ransom  
money and spirited the captives away  
again, or that they have killed them,  
then there will be no further attempt  
to deal with the brigands on the part  
of the United States government, but  
its entire power will be directed upon  
Turkey and upon Bulgaria to procure  
the swift and certain extermination of  
the brigands, regardless of cost or ef-  
fort.

tend King's Coronation.

## England's Naval Estimates.

London, Feb. 22.—The secretary of  
the admiralty, H. C. Arnold-Forster,  
introduced the naval estimates for  
1902-03 in the house of commons. The  
estimates show a total of £31,255,000,  
as compared with £30,875,000 last  
year. In the course of an accompa-  
nying statement Mr. Arnold-Forster  
remarked that no thinking man could  
have anticipated any reduction from  
the estimates of last year in view of  
the fact that the army was engaged in  
a difficult conflict 7,000 miles away.

## Boers Break Blockhouse Line.

Pretoria, Feb. 22.—General Dewet,  
with 400 followers, broke back north-  
ward through the blockhouse line the  
night of the 10th inst, 10 miles west  
of Lindley, Orange River Colony. The  
blockhouses opened fire on the Boers,  
two of whom were killed. The re-  
mainder got away to their old ground  
near Reitz.

## Minnesota Law Knocked Out.

St. Paul, Feb. 22.—The supreme  
court has declared unconstitutional  
the law placing a 2 per cent tax on the  
property of freight lines. The court  
holds that the law makes unequal tax-  
ation. The decision was in the case  
of the State against the Canada Cattle  
Car company, an action to collect \$430  
alleged to be due as taxes.

## Excursion Train Derailed.

Mexico City, Feb. 22.—The baggage  
and dining car of the Pennsylvania  
excursion train were derailed 70 miles  
north of this city, and the second cook,  
a colored man, was killed. Two others  
of the kitchen crew were badly  
scalded and several slightly injured.
